

BATS for College Platinum

The Full Major League version of BATS is now available for college

You'll get all the BATS for College Standard Features, plus:

High Speed Video Integration!!!

- Use Edgertronic cameras in BATS as part of your live Game Entry setup!
- Setup process is identical to a standard network IP camera
- BATS Online allows coaches and players to view high-speed video from anywhere, on any device!

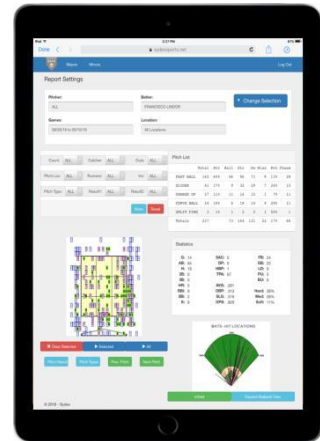

BATS Online

- Access BATS reports on any browser on any device - PC, Mac, iPad, Android, iPhone, and more
- Access your data and video with full report and playlist capabilities

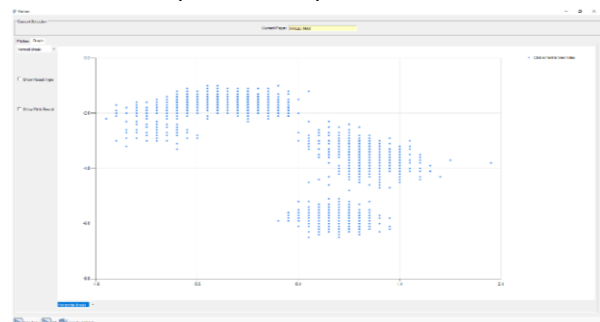

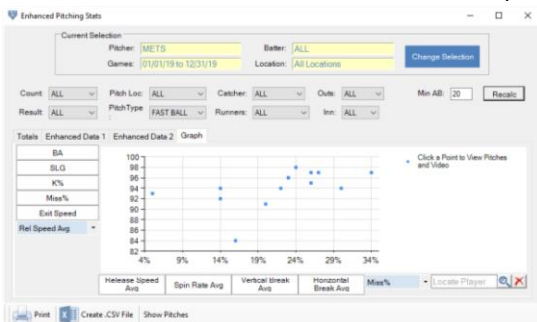

More Video Angles

- Seamlessly integrate up to 26 angles of video in BATS - capture live or sync postgame in Process Camera File

TrackMan, FlightScope, and Rapsodo Data Import Program Included (Existing customers will be reimbursed for previous TrackMan, Rapsodo, and FlightScope import module setup)

- Sync your enhanced data into BATS and query any metric using BATS reports
- Sort and filter by any metric for both game and practice video
- Use advanced visualization tools to track pitcher mechanics, batted ball profiles, and pitch movements
